

STADT STASCHO Propulsion

Some basic arrangements for full electric propulsion, based on diesel, LNG or dual fuel.

Many other options are available, including azimuth propellers.

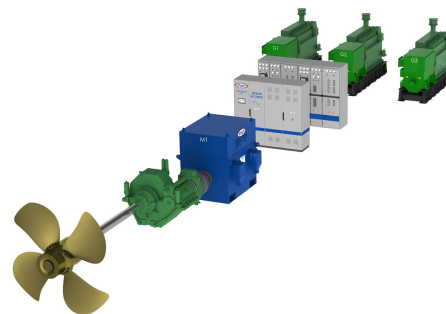

POWER TECHNOLOGY

www.stadt.no

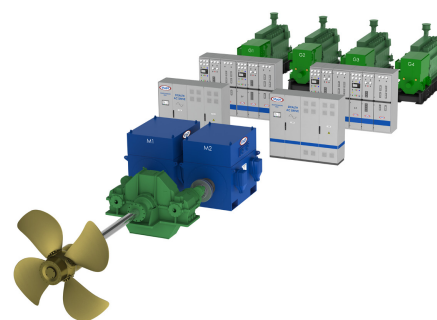

Single screw

- 3 generators
- 1 electric motor
- 1 single input gearbox
- 1 main switchboard

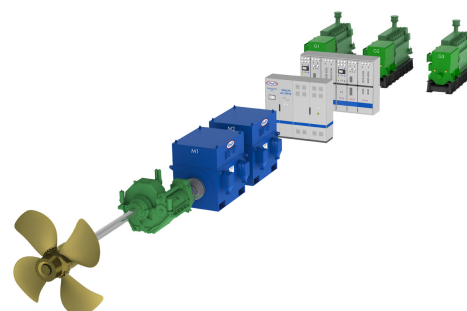

Single screw

- 4 generators
- 2 electric motors
- 1 twin input gearbox
- 2 main switchboards

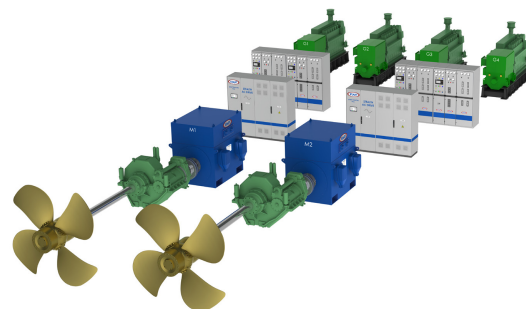

Single screw

- 3 generators
- 2 electric motors in tandem
- single input gearbox
- 1 main switchboard

Twin screw

- 4 generators
- 2 electric motors
- 2 single input gearboxes
- 2 main switchboards

Double ended

- 4 generators
- 2 electric motors
- 2 single input gearboxes
- 2 main switchboards
